The Honorable John Kennedy
Ranking Member
Senate Appropriations Subcommittee on
Energy and Water Development
United States Senate
Washington, D.C. 20510

Dear Chairwoman Feinstein and Ranking Member Kennedy:

I certify that neither I nor my immediate family has a pecuniary interest in any of the congressionally directed spending items that I have requested in the Fiscal Year 2022 Energy and Water Development Appropriations bill, consistent with the requirements of paragraph 9 of Rule XLIV of the Standing Rules of the Senate.

Sincerely,

Christopher A. Coons
United States Senator

**Coons, Christopher(D-DE) Energy and Water Development
Congressionally Directed Spending Requests**

Recipient Name	Project Purpose	Project Location	Amount Requested (\$000)
Army Corps of Engineers	This project will rehabilitate the crane used to position the Indian River Inlet sand bypass system's intake pipe and replace outdated diesel motors with new electric motors in order to address significant erosion impacts.	Sussex County DE	\$750
City of Dover	This project will support the construction of an electrical substation to power Garrison Oak Business and Technology Park to support economic development in the City of Dover.	Dover DE	\$5,000
Delaware Department of Natural Resources and Envir	This project will support the installation of residential solar energy systems in low-and moderate-income households throughout Delaware.	Dover DE	\$2,000
University of Delaware	This project will support research and development of new technologies and materials at the University of Delaware and Delaware State University to address durability and commercialization barriers for green hydrogen technologies.	Newark DE	\$1,300
Army Corps of Engineers	This project will replenish the beaches and construct dunes to protect the beaches and infrastructure important to the local economy. Replenishment of Dewey and Rehoboth beaches is overdue and not included in the President's Fiscal Year 2022 budget. Without timely beach replenishment, future storms could damage municipal infrastructure, homes, and business located in Rehoboth and Dewey beaches.	Rehoboth Beach and Dewey Beach DE	\$6,500
Army Corps of Engineers	This project will replenish the beach and construct dunes to protect the beach and infrastructure important to the local economy. Without timely beach replenishment, future storms could damage Delaware State Route 1, Fenwick Island State Park, municipal infrastructure, and local homes and businesses.	Fenwick Island DE	\$5,000
